2	<p style="text-align: right;">متن زیر را بخوانید و به سؤالات داده شده، پاسخ دهید.</p> <p>When a child is born, he cannot speak. The only way he can communicate with others is making a few kinds of sound like crying. By crying, he can show his feelings, he can say, "I am hungry, I'm tired" But after a few months, the baby gets aware of his world. At this time, he's careful about everything around him, especially his parents. He begins to record what they do, what they say and how they act. He even records his parent's accent, tone of voice, or gesture. Then the baby starts to <u>imitate</u> them, and he tries to copy them and act just like them. By imitating his parents, he'll be able to say his first words which are normally very simple. As time passes, the child's speaking skill develops more and more, and when he gets older, he can choose proper words, gestures, and expressions to say exactly what he wants.</p> <p>32) Which sentence is correct?  a. The first child's words are very simple.  b. Parent's gestures are also difficult to practice.  c. The baby doesn't copy his parent's action.  d. As a child gets older, he can't speak at all.</p> <p>33) The only means of communication for a newborn baby is -----.  a. his facial expressions                      b. crying                              c. saying difficult words                      d. gestures</p> <p>34) The baby gets to know the world around when he -----.  a. goes to school                              b. copies his parents                              c. is a few months old                              d. acts quickly</p> <p>35) The word, "imitate" is closest in meaning to -----.  a. remind                              b. copy                              c. change                              d. respect</p>	-11
3	<p style="text-align: right;">متن زیر را بخوانید و به سوالات داده شده، پاسخ دهید.</p> <p>It is very important for us to respect our elders. It is also important to note that elders were not born elders; they were kids like us and now have grown old. A few years hence we will also grow older. If today we respect them, our present and future generations will carry those values and will learn to respect us as well when we grow old.</p> <p>Elders have a lot to share with us: their life experiences, their failures, their successes and many more. Thus we need to care for them because they deserve to be cared for. Respect and care for elders start with our parents as they are our first teachers in our life.</p> <p>No matter what we do in our lives, who we are, and where we live, we must love them as they love us unconditionally. They feel honored when we appreciate their love and respect them. So it is our duty to help them when they need us because they are not young enough to handle things on their own like before.</p> <p>36) It is important to note that elders were born elders.                              a. True                              b. False  37) We must love elders as they love us unconditionally.                              a. True                              b. False  38) Why do we need to care for elders? -----  39) What do elders share with us? -----</p>	-12
