" What is Wealth?"

Wealth is a lot of things. It is much more than just money. Wealth depends on who you are, what your interests are, and where you are at in life. Although it is defined differently by every person, true wealth is freedom, freedom to do what you wish. Generally, it is always thought of wealth as being rich, having the modern car, and the very big house; but wealth involves many things including: money, happiness, time, health, relationships, lifestyle, peace of mind and any other things you want to have a better life.
